Burke, VA, 22015 | (585) 454-9410 | [noor.m.alhijab@gmail.com](mailto:noor.m.alhijab@gmail.com) | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

Results-driven Software Engineer with a solid foundation and proven proficiency in cloud technologies and a series of cloud certifications. Proven ability to quickly adapt to new technologies and concepts. Strong problem-solving skills, combined with a collaborative approach to team projects. Eager to leverage operational knowledge and certifications to contribute effectively in the field of cloud computing.

### SKILLS

---

- |   |  |
|---|--|
| • Cloud Computing: AWS, Azure                       | • Agile Development Methodologies      |
| • Infrastructure as Code: Terraform, CloudFormation | • Team Collaboration and Communication |
| • Programming Languages: JavaScript                 | • Tools: AJAX, API, Visual Studio Code |
| • Scripting: PowerShell, Bash                       | • Version Control: Git, GitHub         |
| • Network Administration                            | • Methodologies: Agile                 |
| • Troubleshooting and Problem Solving               |  |

### RELEVANT EXPERIENCE

---

#### AWS cloud Engineering Infrastructure/Freelance

January 2021 – Present

- Designing and optimizing cloud solutions using AWS services, following best practices and the AWS Well-Architected Framework to address critical business challenges.
- Monitoring network performance and conducting analysis using AWS CloudWatch and other monitoring tools to proactively identify and resolve network-related issues.
- Performing security assessments and applying security best practices in AWS environments, including IAM roles, security groups, encryption, and logging to ensure compliance and data protection.
- Creating scalable solutions by leveraging a variety of AWS services, including EC2, S3, ELB, Auto Scaling, RDS, Aurora, DynamoDB, Lambda, SQS, SNS, and more.

### PROJECTS

---

#### [Easybank Landing Page Master](#) | [Code](#)

- Translated mock-ups into a user-friendly website, incorporating JavaScript for drop-down menus and a Grid layout

#### [Insure Landing Page](#) | [Code](#)

- Created a fully responsive landing page based on provided designs, using JavaScript, HTML5, and CSS3 for mobile navigation toggles
- Implemented adaptive layouts for various device screen sizes

#### [Dashboard with Theme Switcher](#) | [Code](#)

- Developed a responsive social media dashboard with light and dark theme toggle using JavaScript, HTML, and CSS
- Implemented a color theme switcher feature, allowing users to customize their experience

#### [Template NA News](#) | [Code](#)

- Created a multi-page website with HTML, CSS, and CSS Grid, focusing on Grid Layout and enhancing user experience

### EDUCATION AND CERTIFICATIONS

---

- **Certifications:** AWS Certified SysOps Administrator Associate (2023), AWS Certified Solutions Architect Associate (2023), AWS Certified Cloud Practitioner (2023), Microsoft Certified Azure Fundamentals (2021)
- **Education:** Bachelor of Science (BS), Software Engineering, Baghdad College of Economic Sciences University
- **Language proficiencies:** English (fluent) and Arabic (fluent)
